# SWING ARM CLICKING MACHINES

The swing arm clicker is the workhorse for many die cutting applications and also a very capable entry-level machine. We are proud to offer the APM-SA series of Swing-Arm Clicking Machines. Whether you are looking for an additional cutting machine, a replacement for an old machine, or you are looking to get started in the die cutting industry, we are more than happy to discuss your specific needs. This machine is ideal for testing labs, small shops and home-based businesses.

## RANGE OF APPLICATIONS

Manual die cutting materials such as: foam, plastic, packaging, leather, fiberglass, wood, textiles, rubber, vinyl, composites, cork, gasket materials (non asbestos, teflon, etc.) and other materials.
